

JULIA M. LINDEMAN

Julia Lindeman is a recent graduate of Seattle University School of Law and her admission to the Washington State Bar is pending. During law school, she was an active member of the Trusts and Estates/Elder Law Student Association and the Intellectual Property Law Society. While Julia initially planned to utilize her experience in the tech industry to focus on intellectual property law, her estate and tax courses, two years of interning for a

boutique estate planning firm, and her participation in estate planning clinics ultimately solidified her passion for the world of estate planning. Very shortly before graduation, Julia joined the Three60 team and her role in forming the firm cannot be understated. Julia's enthusiasm is contagious and her energy seems boundless. Julia pours some of her spare energy into DJing, writing, hiking, and composing music.
